from the committee on foreign relations the following:

Resolved, That from the facts and papers consider at this time any project of an-nexation of the Hawaiian territory to the United States; that the provisional government therein, having been duly recog-nized, the highest international interests require that it shall pursue its own line of an act unfriendly to the government of the United States.

The resolution offered by Mr. Peffer (Pop., Kan.), Jan. 18, declaring that in the opinion of the senate the secretary of the treasury has no lawful authority for issuing and selling bonds as proposed in his recent notice, was laid before the senate and Mr. Stawart (Ren. Neh.) spoke in sup-Mr. Stewart (Rep., Neb.) spoke in sup-port of it. Much of his speech was given to a rehearsal of the machina. tions of the "inner ring of the gold combination." He denied the right of the secretary to issue the proposed bonds. At the close of Mr. Stewart's remarks the resolution was referred to the committee on finance.

The senate then resumed consideration of the house bill to repeal the federal election laws, and was addressed by Mr. Wilson (Rep., Iowa) in opposition to it.

The election bill was laid aside in formally and Mr. Cullom (Rep., Itl.) addressed the senate in favor of the resolution offered by Mr. Frye (Rep., Me. Jan. 3, declaring that pending the investigation by the committee of foreign relations, there should be no interference on the part of the United States government by moral influence or physical force, for the restoration of the queen or the maintenance of the provisional government in the Hawaiian islands. The bill for the repeal of the election laws was again taken up and Mr. Chandler (Rep., N. H.) ad-dressed the senate in opposition to the

CHANDLER'S POINTED ALLUSION. In the course of Mr. Chandler's ar gument he made a pointed allusion to Senator Hill's knowledge of the alleged frand by which the last state senate of New York had been made Democratic and to Judge Maynard's part in that supposed fraud; and he expressed the hope that the present Republican legislature of New York would undo the legislation resulting from that "lar-ceny," and that the Democratic governor of New York would have the good sense and patriotism to approve its action. At this point Mr. Chandler, without concluding his argument, yielded to a motion to proceed to exec-

Y.) putting refined sugar on the free list was reaffirmed, while that of Mr. Robertson's (Dem., La) amendment putting a tax on sugar was defeated, thus leaving all sugar Free. The greater part of the day was given up to a consider-ation of the free coal schedule, but the only result achieved was to show the existence in the Democratic ranks of a number of members with protectionist proclivities. The iron ore schedule was then taken up, but the house was unable to dispose of it in the time that remained before recess,

During the debate on the coal schedule Mr. Oates (Dem., Ala.) offered an amendment striking out coal from the free list and putting a duty of 40 cents a top on it, and 20 cents a ton on stack. Mr. Wise (Dem., Va.) offered an amend ment to this amendment, placing the duty at 50 cents per ton. Mr. McKaig (Dem , Md.) submitted a substitute providing for the retention of the present law of 75 cents per ton on coal and 80 cents per ton on stack. Mr. McKaig gave as his reasons for asking for protection on coal the fact that the occupation of coal mining was extra hazardous, and that the extra men employed in it had to pay a tax

on the tools they used.

He was interrupted by Mr. Dalzell (Republican, Pennsylvania,) who asked if he had not voted the other day for

"I did," replied Mr. McKaig, "but I gave my reasons for it." "I thought so," said Mr. Dalzell in a

self satisfied way.

Mr. McKaig —as followed by Mr.
Raynor (Democr.t, Maryland) who delivered an earnest and eloquent plea for free coal.

Steamer Normannia Forced to Return to

New York for Repairs. New York, Jan. 23.—The Hamburg of the Second battalion of the state American line steamer Normannia, troops from various points of the state which sailed from this port for Genoa last Thursday, returned today with her forward deck house stove in. Captain Hebich says that Sunday morning during a heavy easterly gale a tremendous troops from various points of the state in this city. They were in charge of Major Lovell, who preceded his command one day. The command numbers 133, officers and men. They see boarded the vessel over the bows smashing in forward rails and stanchions and staving in forward house and flooding cabin.

Captain Hebich's story of the accilent is a vivid one. 'It was exactly 10 o'clock in the morning," said he, when the lookout passed word aft that three immense seas were dead ahead of us. We had no sooner heard of them than we felt them in all their fury. The first was like a roaring cat aract and it boarded us, falling on the foredeck with the roar of a cannon. It seemed fully a minute before it cleared away, and we had scarcely recovered from the shock before the other two were on us with a force equal, if not greater than the first.

"When they had gone we found that the forward deckhouse was smashed in for twenty feet, the rails carried away and the stanchions demolished. The cabins were flooded." Those injured by the mountainous masses of water were seven members of the crew.

Eight Hundred Miners Refuse to Ac-

cept Reduction in Their Wages. Gallipolis, O., Jan. 23.—The miners on the south side of the Kanawha valley are all out on a strike caused by a reduction of their wages at Powellton. The miners were reduced 30 cents a on and the day men from \$1.25 to \$1,20. In the neighborhood of 800 men are idle and many are entirely without food. The coal banks in this county have not closed down during the pres ent financial depression.

The Belabored Atmosphere of Jacksonville Grows Decidedly More Pacific.

LOOKS LIKE A BIG FIZZLE

If the Big Prize Fight Is Really to Occur as Advertised, There Is Little to Indicate the Fact, and the Prevailing Opinion Seems to Be That the Back Bone of the Bluffing Contest Is Practically Broken.

JACKSONVILLE, Fla., Jan. 23,
O A disinterested spectator it
looks tonight very much as if there would be no fight. The decision of Judge Call on the ap-dication of the Duval Athletic club for permanent injunction restraining the heriff from interfering with the club's property or pleasure will not be ren-dered until tomorrow. There will be bearing in the morning and the judge's ruling may not be made until late in the afternoon. If it be in the club's favor, it will be a race between the club and the governor.

The latter is firm in his assertion that the fight shall not take place, if he has to order out every militiaman in the state. The sporting fraternity are reluctantly reaching the conclusion that he means business, and are cor-respondingly depressed. Still, they do not surrender hope, and it is whispered tonight that tomorrow the club will have a big surprise for the governor's benefit, just what nobody can discover. STAKE MONEY IS UNTOUCHED

When, at 3 o'clock this afternoon he bank closed in which that \$20,000 purse was deposited, the money was still in the bank and the check was in Referee Kelly's pocket. Kelly had no explanation to offer except that Mr. Blake, of the Duval club, had told him the check would not be cashed until the club had taken further legal advice on the subject. There is an atmosphere of calmness and peace about Jacksonville at this hour which does not usually precede a big prize fight. Late this evening the soldier boys ar-

rived. The arrivals were the members arrived prepared for active work and a long campaign. Beside their arms, the troops brought blankets and sub sistence. They were hissed by hundreds on every block of their march from the station to the armory.

There is a of his sons, and several servants were strong belief here that the movements | wounded. of the troops will be commanded in case of martial law being declared, not by the sheriff, under whom they are nominally, but by Adjutant General Houston, who will act under instructions from the governor.

BISMARCK TO VISIT THE EMPEROR But There Is No Likelihood of His Tak

ing Caprivi's Place.

Berlin, Jan. 23 -The announcement that Prince Bismarck has promised to visit Emperor William has caused a ensation here. Bismarck's friends in the Reichstay assert that the emperor was led to invite Bismarck to Berlin by recent midnight incident in the Reichstag. The emperor's sense of uprightness, according to Bis-marck's friends, was shocked by the public declarations that Prussia had roken faith with Wurtemburg.

Herr Von Kardorff already sees Bismarck returned to power. Outside of the circle of enemies of Chancellor Von Caprivi, however, a reconstruction of the cabinet with Bismarck behind the scene, is held to be impossible. The emperor declared a week ago that he fully stood by his present chancellor.

MARKLEY IN FIGHTING MOOD.

Legality of the Demogratic State Conven tion to Be Tested.

HARRISBURG, Jan. 23.—The move-ment to test the legality of the recent Democratic state convention will prob ably take shape in the Dauphin county court in a few days. Three prominent Philadelphia attorneys have been re-tained by the friends of Senator Markley, the candidate of the "Pennsylvania Democracy" for congressman-at large, and a bill in equity, it is understood, is now being prepared.

There is no doubt that Senator Mark ley will stand in the fight against the that he will make a formal statement of his position in a few days.

killed and Willis Brown was so severely wounded that his death is expected. None of the officers were hurt.

FOR TWO YEARS A THIEF,

Treasurer Zell, of the Lehigh and Wilkes-Barre Company, a Defaulter. New York, Jan. 23. -All doubts as to why William Zell, treasurer of the Lehigh and Wilkes-Barre Coal com-pany, and treasurer of the New York Athletic club, disappeared mysteriously on Friday last, have been removed. He is a defaulter. His stealings were from the petty cash account of the company, of which he was an officer. But the company will not lose anything, as the bond given by Zill covers the amount stolen by him.

Zell had been stealing from the com! pany for about two years. What he has taken in all will not amount to \$35,000 and perhaps not more than half So far as the examination of the books have gone it shows that Zell has stolen \$10,000 Detectives are now hunting for Zell and it is expected that they know where he is. It is not likely the company will prosecute Zell, unless compelled to by the Fidelity and Casnalty company.

A band numbering ten men yesterday descended upon the administration even more unpleasant town of Benzocaz, sixty miles from than they have. Cadiz, and attacked the residence of the wealthiest Tarmer in that district. A stout defence was made of the house by its occupants and the bandits were kept at a distance by the male members of the farmer's family and a number of servants, most of whom had guns. The noise of the firing drew a large number of the residents of the town to the scene, and a combined attack was made on the bandits, who were finally driven off. During the at-

in Resuming Business. PROVIDENCE, R. I., Jan. 23 -The Democrats of the house of representa tives met at the state house this morning according to adjournment last August, but found their chamber cold and dusty. Secretary of the State Utter simply said that the annual house cleaning was in progress. The Democrats were angry and denounced those who were responsible for the state of affairs. The senate chamber was locked

and admission refused them. Finally refuge was found in the judiciary committee room, a small apartment, and there the secret caucus was held. A dramatic incident occurred when Representative West, of this city, rang the state house bell for the meeting of the house against the order of the secretary of state. The house took a recess to Tuesday, Jan. 30 and the caucus was resumed.

The caucus, after being in session over fourteen hours, took a vote on the question of transacting business during the session of the legislature, stood a tie and then adjourned.
